

Are
You
Thin?
Pale?

All run down, easily tired, nervous? And do not know what to take? Then go direct to your doctor. Ask his opinion of Ayer's Sarsaparilla. It contains no alcohol, no stimulation, and is a blood purifier, a nerve tonic, a strong alternative, an aid to digestion. Ask your doctor about Ayer's non-alcoholic Sarsaparilla as a strong tonic for the weak.

SPORTS

British Sailors May Play Soccer

Soccer players are beginning to interest themselves in the arrival of the British sloop Algerine, with the idea of arranging for a soccer game as soon as possible after the vessel gets into port. Of course, as no communications have passed between the officers of the sloop and the officers of the local league, nothing has yet been decided upon, but in order that everything should be in readiness to meet the sailors at the British game as soon as an opportunity presents itself, it is likely that the league officials will get together today and have everything settled before the sloop gets into port.

It may be that the efforts of those who are now making a move in the matter may come to naught, as there are several weighty objections to be considered, but with anything like luck it is hoped that these will all be surmounted in time to permit of a game taking place between a league team representing Honolulu and a sailor team. It is, of course, taken for granted that the sailors on the Algerine can put in a team, and also that a good team can be selected from among the league players, but in this also it may be that our surmises are at fault.

The fact that quarantine regulations are still enforced provides a very real danger, and whether the captain of the sloop will permit a team to land for the purpose of playing this match depends entirely on that gentleman's decision.

Under ordinary circumstances the crew would have no trouble in getting shore-leave for such a purpose, but under existing conditions, having in mind the outbreak of cholera, it is, indeed, doubtful whether this permission will be granted. However, the effort to arrange the match will be made, and if by any chance the match does take place the team to represent Honolulu will be one in which every reliance can be placed.

The league officials will select a strong team, as they were ready to do in case the proposed match against H. M. S. Kent had been played. If there is any chance of a game the opportunity will not be lost, and as much notice of the game as is possible will be given, in order that all soccer fans may roll up and see the match. The younger sports of the community who are taking an interest in this game should make a point of being present at all costs, as there is much to be learned from the skill of the sailors. The Algerine team may not be a crack one, but it is quite on the cards that there will be eleven men on board capable of putting up a good game.

However, the matter is only in a tentative stage. It is not asserted that the match will take place, simply that the league boys will do what they can towards arranging a contest. As to time, date and venue, these are secondary considerations and cannot be settled until a match is actually decided upon.

THE GUN CLUB CHAMPIONSHIP

The Gun Club championship competition which is to take place this afternoon on the club grounds on the Lower Beach road, is attracting a good deal of attention among gun club members and it is anticipated that there will be a good muster by five o'clock when the tourney is timed to start. The fifty-bird handicap which will take place at the same time as the championship will help considerably in assuring a large attendance as the men who do not consider themselves good enough shots to compete for championship honors will have their opportunity in the handicap. As announced yesterday there will be a good deal of life shown by this club during the coming months, as weekly shoots have been decided upon. These will take the form of handicaps under varying conditions so that all members of the club will have a chance of making good at the particular style of shooting which meets their fancy. The ten-bird handicap at unknown angles, unknown traps, fixed for the 16th inst., is a competition which calls for considerable skill but the element of uncertainty which prevails in competitions of this nature adds greatly to their popularity. The second weekly competition is a twenty-bird shoot at known angles and this is expected to excite just as much interest among the members as the opening handicap.

President James W. Harvey, of E. O. Hall and Sons, extends a cordial invitation to the general public to witness the shooting at the club, this afternoon as well as on all future occasions when matches are in progress.

" 29—Tennis tournament, E. O. Hall Cup, commences, various courts.

NEW FIGHTS SCHEDULED

Radical changes have been made in the boxing bouts arranged for next Saturday evening in the Orpheum theater but the changes can hardly be laid at the door of the promoter. In the first case the main event between Fink and Armstrong has had to be cancelled on account of the quarantine regulations which exist at Lihue. None of the soldiers are allowed out of the reservation and, in consequence, Armstrong cannot be present to fight Fink. Jackson announces that in lieu of Armstrong he has matched Harding with Fink, in order to give Harding an opportunity to make good.

It will be remembered that at the last bouts Fink and Harding met, the former winning in twenty-five seconds. Just as the fight started Harding handed out a couple of blows which surprised Fink somewhat but he jumped right in, sent Harding against the ropes and outed him.

Harding says that blow was a fluke, and in justice to Harding in our report of the contest we asked the question: Was it a fluke? Not only does Harding incline to the belief that the blow which finished the fight was a chance one, but there are others like minded.

The De Mello-West scrap is also off.

The Denton-Sarcone, Simmons-Gans and Melnotte-Harrigan bouts will be put on as announced, except that Denton and Sarcone will fight eight rounds for the lightweight title.

In place of the West-De Mello contest Jackson hopes to match two heavyweights in the persons of Conclone, of the 159th Artillery, and Ed. May of Honolulu, both well known locally, he says.

NOTE:—Secretaries of sporting organizations and promoters of sporting events are requested to notify the Sporting Editor of "THE STAR" of any events set down for decision.

TSUKAMOTO IN TOWN.

The Japanese runner, Tsukamoto, with regard to whom there has been considerable speculation in athletic circles, arrived in town yesterday afternoon to prepare for the coming twenty-mile race, in which King, Kaoo and Jackson will also take part. All the runners are to commence training right away and will meet on the Boys' Field this afternoon to indulge in preliminary work.

POPULARIZE THE CIVICS

The Civic Federation at its annual meeting yesterday decided to somewhat change its character, enlarging its membership and adopting a plan of action likely to bring it more closely in touch with the public. The policy of secret action by the directors was abandoned by resolution, as well as the policy of keeping secret the list of members, and it was decided to secure Chinese and Japanese membership on the board of directors, Dr. Mitamura being chosen as the Japanese representative. Ralph Hosmer spoke against the secrecy plan, and his views were adopted at once.

The matter of the proposed Japanese park along Nuuanu stream was revived, and the directors were authorized to call a public meeting to discuss it. The stretch along the bed of the stream, where it is proposed to have the park, was declared by Burton Holmes, the noted traveler, to be the most beautiful spot in all Hawaii. Anyhow the speakers at the meeting were President Gilmore, Alexander Hume Ford, P. L. Horne, P. M. Pond, W. A. Bryan. The new board of directors chosen is as follows:

For three years—R. B. Anderson, C. H. Dickey, Arthur G. Smith, Geo. R. Carter and W. A. Bryan.
For two years—Paul Super, P. M. Pond, J. W. Gilmore, Edgar Wood and A. F. Cooke.
For one year—W. L. Whitney, J. A. Hughes, Doctor Mitamura, P. L. Horne and G. J. Waller.

SALES BY WIRELESS.

Judge Arthur A. Wilder's residence at Waikiki beach has been sold to James L. Stack, of the Stack-Parker advertising company of Chicago. When the late owner left for Japan in the Manchuria on Monday, the considering buyer had not made up his mind. Soon afterward he informed the Henry Waterhouse Trust Co. that he would accept the terms, and forthwith the deal was closed with Judge Wilder at sea by means of wireless telegraphy.

CATHCART VINDICATED.

Edward Lane was discharged by Judge Cooper yesterday, the demurrer to his indictment for rape being sustained. This is the case in which the grand jury went over the head of County Attorney Cathcart, admitting

NOTICE.

For
You

Greater productivity of trees—larger, cleaner, and finer fruit—more money. Isn't that fruit growers' reasoning? Nothing will contribute to this end more than effective spraying. And Effective Spraying can best be attained with

Bean Magic Spray Pumps

Effective spraying means High Pressure Spraying and till the advent of the Bean Magic a high pressure could not be maintained with a hand pump for any length of time, on account of the body-racking effort needed to operate it. The Bean patent spring divides the work between the two strokes of the handle and works against only one-half the pressure shown on the gauge and saves exactly one-third the labor.

We have these pumps in stock and will be pleased to show them. We cannot recommend them too strongly.
